

360° Hydraulic Rotators

Features:

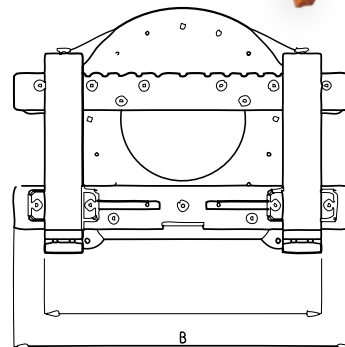

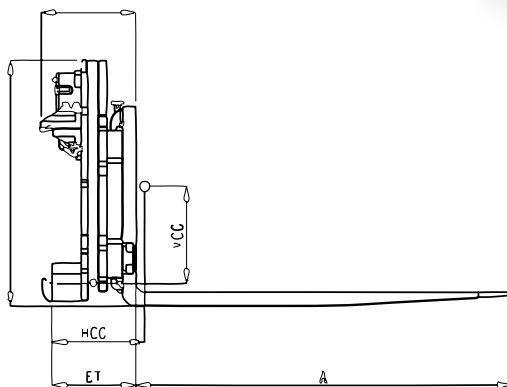

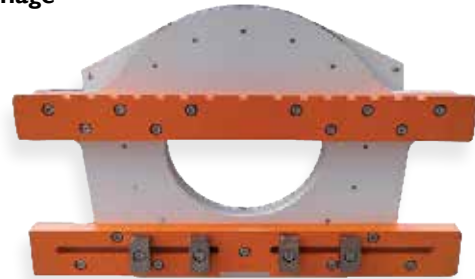

- Continuous rotation in both directions
- Concealed drive motor protected from potential damage
- Designed to accept standard ISO fork arms
- Excellent driver visibility.

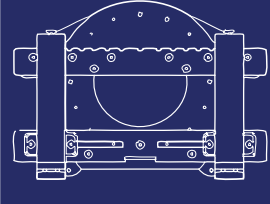

General Applications:

- Manufacturing
- Construction
- Food processing

Options:

- Various capacities available
- Quick Hitch adapters available
- Various mounting classes available
- Quick disconnect bottom hooks
- Fork positioning
- Reinforced tines suitable for 360° rotation
