

Type MMC-01 Mesh Storage Cage

The MMC-01 Mesh Storage Cage is a stackable transport and storage cage ideal for production, warehousing and component storage applications. Easily collapsible for space saving during transport, the MMC-01 Mesh Storage Cage is assembled without any tools in seconds. This Cage is fitted with a drop down access gate allowing easy access to the base, even when stacked.

The MMC-01 Mesh Storage Cage can be transported by Forklift or Pallet Trolley, and can be stacked 2 high when fully loaded or 4 high when empty, making the Cage suitable for racking or stand alone applications.

Please refer to our Website for all Cage configurations – www.eastwesteng.com.au.
