Type RST-01 Stock Trolley

The lightweight RST-01 Stock Trolley is ideal in areas such as supermarkets, retail outlets, stock warehouses etc. Perfectly suited for use in narrow isle spaces, this Trolley is also fitted with 4 x 150mm diameter swivel casters, 2 of which are fitted with brakes.

With the ability to be quickly collapsed and nested together for space saving when not in use, the RST-01 Stock Trolley is ideal for limited storage situations.

Please refer to our Website for all Trolley configurations – www.eastwesteng.com.au.
